

Heart of Ohio Council Cub Scouting Camping Policy

Many Cub Scout volunteers have requested the Heart of Ohio Council's policy on Cub Scout Camping. The Cub Scout camping activities are broken down into two main categories:

1. COUNCIL/DISTRICT-SPONSORED CUB SCOUT CAMPING EVENTS

- Council Day Camp
- Council Cub-Parent Overnights
- Council Webelos Adventure Weekends
- Council Cub Resident Camp
- Council Webelos Resident Camp
- Council-approved district events
- Council weekend cabin camping (Council camp only) (September Through May)

The council and districts prepare the conditions and guidelines, based on national guidelines.

2. INDIVIDUAL CUB PACK CAMPING ACTIVITIES

Unit-run events using the following guidelines:

- **PACK CAMPING OVERNIGHTERS: (Tent Camping)**
 - This is a first-time outdoor experience for the pack.
 - One night only.
 - Camping activities must take place in council-approved facilities (**Tour Permit or Campsite Approval Form not required for Firelands Scout Reservation**) (**Girl Scout facilities or any Ohio State Parks are acceptable as long as they meet the conditions on the Campsite Approval Form**).
 - Submit Local Tour Permit for state parks only. No tour permit is necessary for Firelands Scout Reservation; however, all tour permit guidelines must be followed.
 - **Season in Ohio is basically mid-April to mid-October.**
 - Fair weather camping season (**above 40 degrees day and night**).
 - Pack camping activities are intended to include youth members and responsible adults.
 - It is recognized that on occasion, siblings and other family members may also be participating.
 - The recommended ratio of boys to parent/guardian is 1 to 1. **The council will allow 2 to 1. The second Scout can be a non-family member.**
 - Because the vast majority may be first-time campers, you should cancel the event if bad weather occurs rather than deal with severe weather.
 - Adults giving leadership to a pack tent overnighiter must complete Basic Adult Leader Outdoors Orientation (BALOO and Hazardous Weather Training).
 - In all cases, each youth is responsible to a specific adult.
 - Parents or guardians are responsible for supervision of their children and Scout.
 - Plan organized-age appropriate activities for Scouts. In some cases, nonmembers (brothers and sisters) may participate if the event is structured accordingly to accommodate them.
 - BSA Health and Safety, Youth Protection Guidelines and Guide to Safe Scouting must be implemented.
 - Permission slips are required, even when the parents/guardians are attending the function.
 - **Class 1 Personal Health and Medical History forms are required for all campers.**
 - Separate tents are required for male and female leaders; married couples may share a tent--no others.
 - When staying in tents, no youth will stay in the tent of an adult other than his or her parent or guardian.
 - Safe Swim Defense and Safety Afloat policies must be followed.
 - Shooting sports (BB guns, rifle, and archery) are allowed only at council-approved firing ranges and council approved trained range masters.
